

PROVINCE™ SLATE

The new choice for traditional beauty

Introducing DAVINCI PROVINCE SLATE

DaVinci Province™ Slate is a new line of stunning single-width composite tile replicating traditional slate with extraordinary accuracy.

Delivered, of course, with the enduring beauty and protection that DaVinci has long been known for.

HISTORY

in the making.

12" wide Province Slate shingles are based on similar ones found on historic homes that have dotted the New England landscape for centuries. We've combined this inspiration with the kind of innovation that puts Province Slate head and shoulders above natural slate when it comes to durability, maintenance and weather resistance.

SINGLE-WIDTH

with multiple benefits.

All of this makes Province Slate an ideal choice for any climate. It's ready to stand strong against everything from seaside salt air to mountaintop snow and wind—and look great doing it. Even better? The self-aligning single-width tiles allow for quick installation, at a price competitive with architectural asphalt and other high-end roofing options.

Modeled after actual slate, Province Slate tiles have a natural, non-repeating beauty. Each tile is made using virgin resins fortified with proprietary UV stabilizers to ensure a look that lasts.

DaVinci Province Slate

LENGTH	WIDTH	THICKNESS
11½"	12"	5/8"
Fixed 8" exposure		

*We've gone back to the past to ensure
a beautiful future for your home.*

Province Slate tiles add the classic look of authentic slate to any residence. Just as important, low maintenance makes life easier for homeowners and fade-resistant color stability assures long-lasting beauty.
